

Press Release

25th September 2009

UK meets NL's Dutch debut

Discover new business opportunities and forge new international alliances at UK meets NL.

UK meets NL is holding its fourth consecutive networking event in Rotterdam on 15th & 16th October 2009. This Dutch debut has an exciting line up of presentations and workshops from top Dutch and British speakers and will be beneficial to anyone looking to forge new alliances, looking for new ideas and for a new source of inspiration.

Since its conception in 2008, UK meets NL has held three very successful networking events in London, each attended by an interesting mix of top executives from small Dutch and British businesses as well as larger international corporations. "More and more people are looking for inspiration; a chance to meet with like-minded professionals and learn about new international business opportunities," comments Van den Meijdenberg, the mind behind UK meets NL. "We can see this in the popularity of our face-to-face events and online meetings as well as the increased interest in our Anglo-Dutch network."

Van den Meijdenberg has had an incredible response so far after announcing the event's Dutch debut in Rotterdam. "There has been considerable interest in our upcoming event and we are pleased to announce that the Enterprise Europe Network will be bringing a delegation from the North West of the UK to upcoming event in October. We are also pleased with the continued support from the Netherlands-British Chamber of Commerce, the Rotterdam Chamber of Commerce and UK Trade & Investment; confirmation that we are on the right track."

This fourth UK meets NL event will focus on the UK's construction and engineering industry, business development strategies, making IT work for you, and successful networking. "Anyone interested in developing new international trade links, and especially Anglo-Dutch trade links, will benefit from the conference topics, presented by industry experts. There will be plenty of opportunity to network and exchange ideas with fellow entrepreneurs and the event's expert guest speakers." As the UK meets NL network continues to grow, the organisers are looking forward to helping more and more companies develop vital cross-border partnerships. "It's all about new relationships and finding new ways to make business work for you," concludes Van den Meijdenberg. "With increased support from both sides of the North Sea, we are all bound to be successful."

More information about the event and the full programme is available on the UK meets NL website at www.ukmeets.nl.

Additional information

[UK meets NL](#)

The UK meets NL network was set up by [English Services](#) with the aim of promoting trade links between the United Kingdom and the Netherlands through, among other things, virtual and face-to-face networking in conjunction with [Ozone Conferencing](#).
